

Neighbours Bet Cheat Sheet

Roulette betting system · Kim Birch · RouletteSheet.com

Cheat Sheet Summary

System type	Wheel-based bet
Best suited table	European or French
Usual bet type	Number + N wheel neighbours each side
Risk level	Medium - narrow coverage
Changes house edge?	No.

How it works

Choose a number and a neighbour count (commonly 2 each side, 5 chips total). Each covered pocket pays 35:1.

Example progression on 1-unit base

Spin	Bet	Result	Cumulative P/L
-	5 chips	Win pocket	+31
-	5 chips	Loss	-5

Where the risk appears

5 of 37 pockets cover ~13.5% - wins are infrequent. Each loss costs the full stake.
