Cheat Sheet Summary

System type	Sector / call bet (17 numbers)
Best suited table	European or French (single-zero wheel)
Usual bet type	Multi-chip sector bet (9 chips)
Risk level	Medium - 9-chip total stake
Changes house edge?	No.

How it works

Covers 17 numbers around 0 (22 → 25 on the wheel). 9 chips distributed: 2 on 0-2-3 trio, 1 on each of 5 splits, 2 on 25-26-28-29 corner.

Example progression on 1-unit base

Spin	Bet	Result	Cumulative P/L
-	trio 0-2-3 (2)	Win	+22
-	corner 25-29 (2)	Win	+15
-	split (1)	Win	+9
-	uncovered	Loss	-9

Where the risk appears

20 of 37 pockets lose the full 9-chip stake. Expected value still equals the 2.70% house edge.
